Announcement Number: NW4206

Date Opens: NOW

Date Closes: Open Continuous

**Location: Navy Public Works Center
Washington, DC and Bethesda, MD**

About Us: Navy Public Works Center Washington is the Regional Facilities Management Team. We offer timely, best value, innovative, technological solutions and alternatives to meet our clients' facility management needs. We support the missions and provide the best Quality of Life for our NDW Family. Our facility services include: life cycle management, planning, maintenance, repair, construction, engineering, building services, transportation, utilities and installation support.

About the Job: Installs, modifies and repairs new and existing plumbing (piping) systems and equipment such as steam heating (low pressure), heating exchanger, water, sewer, oil and air. Installs small heating boilers, which do not require boilermakers. Installs and maintains piping systems such as sanitary drain, fire protection, sewer lines, oil and air lines. Installs piping and bores holes in walls, floors and ceiling to permit passages of pipes exercising care to avoid damage to building structures. Work will include but is not limited to demolition and debris removal. Assists other trades, as deemed necessary, under a team concept. Incumbent may have to work with hazardous materials including the abatement and removal of lead and asbestos.

Pre-employment Physical is Required

KNOWLEDGE, SKILLS AND ABILITIES

1. Ability to do the work of the position without more than normal supervision (Screen Out Factor).
2. Knowledge and ability to use tools of the trade.
3. Ability to use shop equipment and tools safely.
4. Knowledge of technical practices.
5. Ability to troubleshoot.
